Certificate of California Proposition 65 Compliance
April 3, 2026

California's Proposition 65 The California Safe Drinking Water and Toxic Enforcement Act of 1986, commonly referred to as "Proposition 65," entitles California consumers to special warnings for products that contain chemicals known to the state of California to cause cancer and birth defects or other reproductive harm if those products expose consumers to such chemicals above certain threshold levels through normal, foreseeable use of the products.

Control Resources, Inc. certifies that, to the best of current knowledge and belief and under normal product usage, all products sold by Control Resources, Inc. are in compliance with California's Proposition 65. Although our products contain chemicals identified on the California Proposition 65 Chemical List, there is no risk of exposure to such chemicals during normal usage. Control Resources' products do not expose product consumers to any Proposition 65 listed chemical above a No Significant Risk Level (NSRL) for cancer-causing chemicals and do not expose product consumers to any Proposition 65 listed chemical above a Maximum Allowable Dose Level (MADL) for chemicals causing reproductive toxicity. Therefore, a warning label that our products can expose consumers to chemicals known to the State of California to cause cancer, birth defects, or reproductive harm is not warranted.

Please note that for people or companies intending to use Control Resources' products outside of normal, intended and/or foreseeable usage, including but not limited to destructive decomposition or dismantling, there might be a potential risk for exposure to a Proposition 65 chemical if such a chemical is contained in the product. To reduce risk of exposure, work with approved safety equipment in a well-ventilated area, wear dust masks that are specially designed to filter out microscopic particles, wear protective gloves, and wash hands after handling the products.

Additional information about California's Proposition 65 is available at: https://oehha.ca.gov/proposition-65.
